

Case Study Rice Production

“When you find that the compressed air used in the rice production line is so clean, do you feel more secure?”

These applications are from three rice industries in India: Nav Bharat Rice Industry, Pragati Edible Processing PVT. LTD and Virtual Rice Mill.

We provide cleaner compressed air for the rice industry, no rust, no corrosion, and provide sufficient gas for the customer's production.

Nav Bharat Rice Industries

Selection Criteria:

Air Quality

Cost & Energy Savings

Zero-Leak Performance

Advancing Compressed Air & Gas Systems
