

## Case Study – Automotive

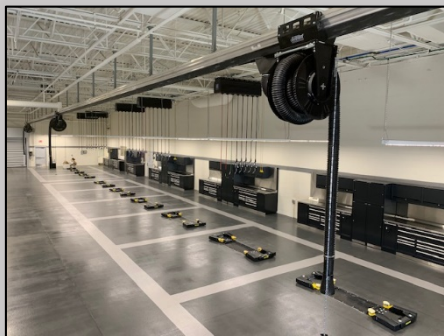

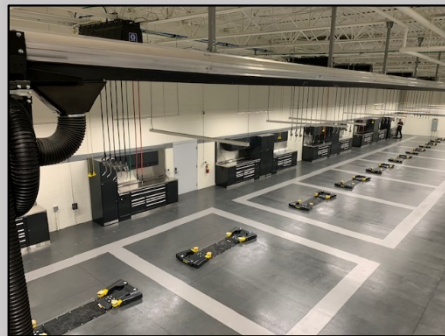

### Jaguar of Las Vegas

This NEW Dealership services Jaguar and Land Rover. Compressed air being used with a number of different pneumatic tooling. This dealership has 12 Service Bays.

### Why AIRpipe?

The owners of this dealership unanimously voted that the AIRpipe technology versus other "Blue Pipe" suppliers was more robust, more durable, and had a pleasant aesthetic look.

### Selection Criteria:

Energy Support

Quick & Safe Installation

Higher Quality

Advancing Compressed Air & Gas Systems
